Chickasha Pre-War Swap Meet - Here we come!

EFR Gathering will be at 4:00pm Thursday, March 19th

The gathering will be in the large meeting room in the center building. We will start on-time and have plenty of eats and drinks. Below is an aerial view from our "**EFR Spy-in-the-Sky**". Notice the bare dirt in the Southwest corner of the Fairgrounds. Sizie told me they are doing construction and the parking before the gate opens at 4:00pm will be sparse.

Notice the bare dirt in the Southwest corner of the Fairgrounds. Sizie told me they are doing construction and the parking before the gate opens at 4:00pm will be sparse.

The good news is that the Thursday setup will not happen as had been advertized. All I know is what I've been told. I suggest you be flexible and polite.

The red stick pin on the photo is about exactly where our meeting room is.

We look for a record breaking crowd so get there early. We will have plenty of places to sit, like last year.

We want to start on time so we

have plenty of time to discuss happenings and visit. We will "pass-the-hat" again this year to give the food vendor a tip for letting us use the facility. She was amazed how we cleaned up after ourselves last year, which helped us secure the beat meeting room again this year.

Rob will have some details about the Paynesville Tour. New information about the Richard Oswald Model N Restoration will be presented. Several new members will also be present. All in all, we have a lot to look forward to.

Drive Safe,

Dave Dunlavy
