### Chickasha Pre-War Swap Meet Report

by Dave Dunlavy, EFR 41

#### EFR Gathering was attended well

Even though the meeting room building was locked because the Swap Meet folks did not rent it this year, we were able to meet in our old conference room in the south building. We had 32 brave souls wanting to get in out of the rain. There were 12 states represented plus 4 folks from UK and Canada. **President Rob Heyen** was at the swap meet but had to leave to attend to family affairs before the meeting. **Vice-President Bruce**

**VanSloun** passed the information along that Rob gave him, plus did a good job of adding his own. **Secretary-Treasurer Rick Lindner** collected money, registered new members and made corrections to other members' information. Other Directors attending were **Dick Emery, John Grace, Paul Mikeska and Jerry VanOoteghem.**

#### Board of Directors Meeting

The Board had a meeting on Wednesday afternoon, March 18th. Routine reports were made by the Secretary-Treasurer and Newsletter Editor-Webmaster. An update was given about the **Richard Oswald Model N Restoration Project.** We will be looking forward to seeing the car on its wheels,

but not being driven at the **Old Car Festival** in September. More details will be in the next newsletter.

#### Contest Winner

**John Grace** sent many photos from the **2014 Dearborn-Lansing Run** which we posted on the Members Photos page. We asked folks to guess how many photos were there. Answers ranged from 69 to 560. **Tim Kelly, EFR 227,** had the correct answer of **540.** Tim received a **Genuine Early Ford Registry** decal as his prize.

We have some EFR decals left. If you want one or more, simply send \$1.00 for each, plus \$1.00 for shipping the order, to **Rick Lindner, 900 East Cooke Road, Columbus, OH 43224-1943.**

## *Our Newsletter and Website are HCCA winners*

We received notice our Newsletters and Website were winners again in the **Horseless Carriage Club of America** (HCCA) publications contest. We have received the judging sheets, so we can improve the publications.

Our highest reward for work is the appreciation you show and express. However, these plaques are tangible proof, we are on the right track.

Our latest project is to build a mobile version of our website, so you can read it easily on your smart phone. There will be several areas you can choose to read. The site will be heavy on pictures to identify different models of early Fords.

Keep 'em on the road,

*Dave Dunlavy*

Newsletter Editor and Webmaster
