## 1903-1909 EARLY FORD REGISTRY

Member Announcements

June 8, 2017

### **By Now You Should Have the Summer Newsletter**

You might have even received two of them. The Interweb rule makers have tightened how many bulk emails you can send at one time past the point of stupid. We will get your newsletters to you rain or shine.

This issue has the real story about Rick's cotter pins. He is too important to us to risk having a problem. Actually, everybody is important to us, so take an extra 5 minutes to just sit and look at your car one more time.

If you have thought of coming to Paynesville and/or New London New Brighton, it's high time to make some reservations. Unless you have planned far enough to get a place to stay and register you won't have as much fun as you could have had. We would really like for you to come but set some priorities and make a commitment. The current newsletter has contact information and suggestions.

You might have noticed not too many For Sale and Wanted items. It does take a bit of time to write and mail a list of specifics of an auto For Sale. You will never find a more captive audience than EFR members.

Just had a call yesterday from our member, Glen Rand. He told me a sure fire way not to have the problem that Rick had. It will be in the next newsletter.

Until then.

### **The Newsletter Index has been updated**

We try to update the Newsletter Index at least every year. We did it again this year. Where can you find it? A link to it is at the top of the Newsletter page in the Library. If you can't get into the library due to no computer? Just call me and I'll email or USPS mail one to you.

### **Where to buy Quad castings**

Recently had another inquiry about castings for a Ford Quadricycle recreation. One of the builders made patterns for the crankshaft mountings and bearings. A number of these parts were cast and have been delivered to the folks ordering them. If you want a set, contact me by email or phone (dave@dunlavy.us - phone 563.387.3736)
