Just For Grins

A young man goes out and buys a 2021 Ford Mustang. It is a fantastic convertible sports car. He takes it out for a spin and while stopping for a red light, an old man on a moped, wearing an open face crash helmet (looking about 81 years old) pulls up next to him. The old man looks over the sleek, shiny red surface of the car and asks, “What kind of car ya’ got there, sonny?” The young man replies, “A 2021 Ford Mustang.”

“That’s a lot of money,” says the old man, shocked. “Why does it cost so much?” “Because this car can do over 200 miles an hour!” states the cool dude proudly. The moped driver asks, “Can I take a look inside?” “Sure,” replies the owner.

So the old man pokes his head in the window and looks around. Leaning back on his moped, the old man says, “That’s a pretty nice car, all right!”

Just then the light changes so the guy decides to show the old man what his car can do. He floors it, and within 30 seconds the speedometer reads 220 mph. Suddenly, he notices a dot in his rear view mirror. It seems to be getting closer!

He slows down to see what it could be and suddenly, whhhooooosshhh! Something whips by him, going much faster! “What on earth could be going faster than my Mustang?!” the young man asks himself.

Then, ahead of him, he sees a dot coming toward him. Whoooooosh! It goes by again, heading the opposite direction! And it almost looked like the old man on the moped!

“Couldn’t be,” thinks the guy. “How could a moped outrun my Mustang?!” Again, he sees a dot in his rear view mirror! Whooooosh Ka-BbblaMMM! The moped plows into the back of his car, demolishing the rear end. The young man jumps out, and it IS the old man!!! Of course, the moped and the old man are hurting for certain.

He runs up to the old man and says, “You gotta tell me how you got that thing to be faster than my Mustang !”

The old man looks up and replies, “OK..., but first, unhook my suspenders from your side-view mirror, will ya?”
